

Chanonry Point Questionnaire

The Highland Council would like to know what you think of the sketch proposals for the site.

There are so many options available, but we thought we could show them on two plans, although the options can all be 'mixed & matched' according to what people tell us.

(Please circle/ tick where appropriate.)

A. THE LAYOUT- PATHS AROUND THE CAR PARK

Both designs would include:

- access to the proposed information point at the south of the car park.
- provide clearer and safer access to the existing all abilities path to the dolphin viewing point.

Additional options are shown on Sketch Design Two, these are :

- Path around feature on turning circle
- Paths to beach route around Lighthouse

B. THE LAYOUT- THE DOLPHIN VIEWING AREA

Both designs show:

- the bound gravel path and picnic tables at the viewing point.

Additional Options are shown in Sketch Design Two, and these are:

- Feature paving at the viewing point instead of bound gravel.
- Moving the picnic tables to sites along the path and installing new benches at the viewing point.

C. MATERIALS

Both Proposals show the use of feature walls. Sketch Proposal One uses timber sleepers, which can be robust but more affordable. Sketch Proposal Two shows stone walls of a mortared, random rubble design, which would be more expensive but longer lasting.

- Which material do you prefer for the feature walls? (Tick your favourite):

Timber Sleepers

Stone random rubble

The materials palette drawing shows a range of materials we could use, which we have numbered.

- Are there any you like? If so, could you jot down the numbers of the ones you like, below?:

.....

.....

D. PUBLIC ART

The drawings show both artworks that are incorporated in other features and standalone sculpture. We can include both and we are **not** asking you to choose between them, so would you like the scheme to include:

- Artworks incorporated in other features
- Standalone Sculpture

Yes		No	
Yes		No	

E. SITE MOTIF

To help tie the site together we would like to have an overall theme which would help link the artworks, street furniture and interpretation together. The site already has links to Dolphins, the Brahan Seer, Fortrose Cathedral, the lighthouse, the ferry and even Ian Rankin books!

- Please tell us briefly what you would like to see as the site motif. It could be any of the above or something else entirely

.....

.....

.....

F. MEMORIALS

We are sometimes approached by families who would like to put a memorial to a loved one at our site.

- Subject to reasonable controls on numbers, do you think that brass memorial plaques fixed to walls would be acceptable?
- Any Other Suggestions.....

Yes		No
