# Revenue Monitoring Report 1 April 2015 to 31 December 2015

### Report by the Assessor and Electoral Registration Officer

#### Summary

This report sets out the revenue monitoring position of the Board for the period to 31 December 2015 and the projected year end position.

#### 1. Current Position

The attached monitoring statement shows the position for the period to 31 December 2015. Net expenditure to date is £1.935m and represents 73% of the annual budget of £2.661m.

## 2. Year-end Projection

At this point in the year, the overall outturn has been indicated as a potential overspend of £0.151m, however this projection is very sensitive to the continuing second phase of the electoral canvass and the eventual outturn of UK government grant applications in respect of Individual Electoral Registration (IER). There is currently a shortfall in the anticipated government grant allocation of over £100 000 and this represents the major part of the projected overspend. The remainder of the overspend is due to increased postage, printing and staffing costs as a consequence of IER. While there has been a saving in salary costs due to vacant posts, additional overtime costs served to negate that position resulting in a net increase in the expected outturn. A justification led bid for additional funding is being submitted at the invitation of the Cabinet Office and if this is successful it will serve to close the gap.

Although the reported expenditure for travel and subsistence for the period to date would indicate a significant underspend in respect of travel & subsistence, this may not materialise in full due to follow up IER doorstep canvassing at the year end.

Indications at this stage would suggest that there shall be an underspend in legal expenses, although this could change in the event of any major cases being heard in the forthcoming months. The projected overspend relating to the Valuation appeal Committee is outwith the control of the Board.
