Six-monthly review of corporate risks

Report by Head of Audit & Risk Management

Summary

This report provides details of the latest review of the corporate risks by the Executive Leadership Team (ELT).

1. Introduction

1.1 The corporate risk register has been recently reviewed by the ELT and the results of this review are provided within section 2 below.

2. Review of Corporate Risks

- 2.1 A number of changes have been made to the risk register, as detailed below, and the amended register is provided at **Appendix 1.**
 - (i) Above the line risks:

There are 12 above the line risks due to the following changes:

- 2 risks, information security (THC 22) and workforce planning (THC 40) have been removed from the register as the required actions to address these risks have been completed.
- 1 risk in relation to holiday pay (THC 42) has moved to below the line as there are only a small number of claims which are cisted at tribunal pending legal decisions.
- 1 risk has moved up from below the line. This relates to the SWAN contract (THC 43) and this is due to a number of operational and financial risks which were considered in private by the Resources Committee on 24/02/16.
- 2 new risks have been added: delivery of agreed budget savings in 2016/17 (THC 46) and reduction in workforce (THC 47).

Details of the risk profiles can be found at **Appendix 2**.

(ii) Changes to actions:

Details of any changes to actions since the last report to Committee are provided in the update section. These have resulted from completion of existing actions, addition of new actions and revisions to target dates.

(iii) Below the line risks

There are now 5 below the line risks, as detailed at (i) THC 42 has moved to below the line and THC 43 has moved to above the line. 2 new risks have also been added:

Re-design of the Council (THC 44)

• Good governance arrangements in local Committees (THC 45).

There has been no change to risks THC 12 (equal pay liability) and THC 26 (consolidate and sustain integration).

3. Implications

3.1 The risk management process reduces the Council's exposure to risk by ensuring that the corporate risks identified are actively managed. There are no Resource, Legal, Equalities, Climate Change/ Carbon Clever, Gaelic or Rural implications arising from this report.

Recommendation

Members are asked to:

- (i) Scrutinise the corporate risk register provided at **Appendix 1** and consider the risk profile at **Appendix 2**.
- (ii) Note that a further review of the corporate risks will be undertaken by the ELT and the results of this will be reported the September Committee.

THC 2 – If the Council does not rationalise property assets there will be too much money tied up in fixed assets, their poor condition will mean they are not fit for purpose and running costs, including carbon emissions, will be excessive.

Action Information:

Rationalisation of offices:

A number of office rationalisation projects are being undertaken within different areas under the overall control of the Director of Development & Infrastructure. Each project, except Inverness which is in the early stages, has a Project Board which meets on a regular cycle with the Director reviewing progress. The present projects and their milestones are detailed below:

Action No. & Details	Responsible Target Date

Rationalisation of depots and stores

As part of the changes arising from the Service restructuring, the Director of Community Services has initiated a review of the number of strategic depots and stores with a view to reducing these.

Action No. & Details	Responsible Officer	Target Date
THC 2.6 - Reducing number of strategic depots and stores	Performance & Building Maintenance Manager/ Head of Roads & Transport	

Update:

- THC 2.1 the target date was September 2015 but this was delayed until the following month when staff moved into the new offices and this has now been completed.
- THC 2.4 the handover date has been revised from September 2015 to June 2016. This is mainly due to issues with the poor condition of the original roof which needs to be replaced.
- THC 2.5 the target date has changed from December 2015 to December 2016 to allow for a preferred option to be identified which is supported by a robust business case. This will then be considered by the Executive Leadership Team.

Risk No. & Details

THC 23 - If the Council does not engage effectively with its partners then it will not capitalise upon the benefits of improved community working and resilience.

Action Information:

Action No. & Details	Responsible Officer	Target Date
THC 23.1 - Review of partnership arrangements; including the organisation of inspection processes and development of Community Learning and Development and plans.	Head of Adult Services	September 2015
THC 23.2 - The Council and the 4 other named bodies with a shared responsibility for community planning must agree how it will facilitate community planning and meet the new duties from the Community Empowerment Act (2015).		December 2016

Update:

THC 23.1 is complete. The Community Learning and Development Plan 2015 - 18 was agreed by the Education, Children and Adult Services Committee on 27/08/15. A copy of the plan was also circulated to the Highland Community Planning Partnership Board on 11/09/15. Implementation will be addressed through the local District Delivery Plans, For Highlands Children, the Change and Improvement Plan and other Partnership delivery plans.

THC 23.2 has been added as a new action. Statutory guidance for the Act is now expected by September 2016. Reports have been made to the Community Planning Partnership (CPP) Board and Chief Officers Group at meetings since late 2014. Work underway on local CPP arrangements and actions are progressing also on participation requests and asset transfer. The Council has led all of this work and partners need to commit more fully to their development.

Update:

Actions THC 35.7 – 35.11 have all been completed.

The risk details will be amended to reflect that the short term budget position has been addressed with the setting of the 2016/17 budget and this will now concentrate upon the requirement for a medium term budget strategy covering the financial years 2017/18 to 2019/20. New actions THC 35.12 and 35.13 have been added to address this. It should be noted that this also links with new risk THC 44, redesign of the Council, added to the register which is planned for completion by 31st December 2016.

THC 36 - If the Council does not address and manage the impact of changes arising from the Welfare Reform Act this will be to the detriment of our communities. Changes include reduction in Council income from DWP subsidy and lower entitlements for claimants leading to hardship for many customers and possible increased rent arrears. In so far as arrears are not mitigated by specific measures (e.g. Discretionary Housing Payments), this will pose a threat to landlords generally and the Council's ability to provide and maintain social housing. The wider consequences will be many millions of pounds taken annually out of the local economy, and increased demands upon local services.

Action Information:

Action No. & Details	Responsible Officer	Target Date
THC 36.1 - Continue Finance Service involvement at Scottish and UK level around the design and implementation of Universal Credit as only live site in Scotland.	Director of Finance	March 2017
THC 36.2 - Lobby for policy and procedural improvements; also adequate administration subsidies and welfare mitigation funding.	Director of Finance	March 2017
THC 36.3 - Provide oral and written evidence as necessary to both Parliaments on welfare issues. (Oral evidence provided at the Local Government and Regeneration Committee on 28/05/14.)	Director of Finance	March 2017
THC 36.4 - Work closely through COSLA and with Scottish Government to ensure rural challenges are recognised.	Director of Finance	March 2017
THC 36.5 - Provide Local Support Services through Universal Credit Service Delivery Agreement with DWP. (This is already in place but support will expand until March 2017.)	Director of Finance	March 2017
THC 36.6 - Provide financial resources to internal Money Advice and Income Maximisation teams, and Citizen Advice Bureaus locally for advisory services and appropriate levels of assistance to local customers. (Already in place but demand led to March 2017).	Director of Finance	March 2017

THC 36.7 - Minimise financial risks through effective use of Council's own aggregate Welfare Fund including Discretionary Housing Payments, Scottish Welfare Fund monies, and Council Tax Reduction, and source third party funding to augment Council Welfare Reform provision.	Director of Finance	March 2017
THC 36.8 - Represent Council on Board of national Money Advice Project in order to influence future developments.	Director of Finance	March 2017
THC 36.9 - If and when customers with housing costs migrate across to Universal Credit, put new support structure in place changing the nature of the Council's involvement from one of administration of Housing Benefit to mitigation of Universal Credit.	Director of Finance	March 2017
THC 36.10 - Maintain legacy systems in parallel with Universal Credit into the future.	Director of Finance	March 2022
THC 36.11 - Use the Welfare Fund to mitigate against the impact of welfare reform. Proposals developed through the Member working group and agreed at Resources Committee. (Note the fund is not recurring.	Head of Policy & Reform	March 2017
THC 36.12 - New ESF programmes under development with 2 streams to support people into employment.	Head of Policy & Reform/ Economy & Regeneration Manager	March 2022
THC 36.13 – The Community Planning Partnership (CPP) is reviewing partner impact on reducing inequality and acting preventatively.	Director of Care & Learning/ Director of Finance/ Head of Policy & Reform	March 2018
THC 36.14 - The Council's welfare reform group and health inequalities group of the CPP have agreed an approach to understanding the experience of those affected by poverty by carrying out local research supported by the UHI Centre for Remote and Rural Studies. This will inform how to adapt and join up services to support people better.	Head of Policy & Reform/ Head of Improvement NHSH	December 2016
