

**Item 12 - Question Time**

To the Chair of the Care, Learning and Housing

“How many children in Highland, with either identified or suspected additional support needs, are currently unable to or do not attend school on less than a quarter timetable?”

Response to Mr A Jarvie

The latest figures we have for pupils who have ASN on part-time timetables are from 2017-8. The Council does not look at 25% timetables but does collate information on 50% or less. The Council had 163 pupils with less than 50% of a timetable in 2017-18.
