

## **Item 15v - Question Time**

To the Chair of the Care, Learning & Housing Committee

“Please provide the actual school capacity and actual current school roll for all Highland primary schools as this was omitted from recent Committee reports?”

### Response to Mr C Fraser

School roll forecasts are published annually on the Council website, usually in November or December of each year. With in-year updates or amendments made on an exceptional basis, for any change in circumstance between annual publication dates.

The following link provides the forecasts published in November 2018, on an Associated School Group basis. Within each forecast, the school capacity and the actual roll for 2019/20 (as at start of the new academic year) is also included.
