

Agenda Item	5
Report No	NC/02/20

HIGHLAND COUNCIL

Committee: Nairnshire Committee

Date: 11 March 2020

Report Title: Roads Maintenance Programme 2020/21

Report By: Executive Chief Officer Infrastructure and Environment

1. Purpose/Executive Summary

1.1 This report details the proposed 2020/21 Roads Maintenance Programme for Nairn Area.

2. Recommendations

2.1 Members are asked to approve the proposed 2020/21 Roads Maintenance Programme for Nairn Area.

3. Implications

3.1 Resource – All work will be managed within budget allocations from a resource perspective with the Council delivering its legal responsibilities.

3.2 Legal – The Council undertakes the Road Maintenance Programme for the Nairn area in its duty as local roads authority under the Roads (Scotland) Act 1984.

3.3 Community (Equality, Poverty and Rural) – Due to the rural nature of the Highlands, communities and socio-economics depend on the roads network.

3.4 Climate Change / Carbon Clever – Road Recycling plus preventative maintenance techniques such as Surface Dressing contribute more to sustainability than resource intensive requirements like Road Resurfacing (Overlay/Inlay).

3.5 Risk – Increased deterioration of the road network correlates directly with lack of investment.

3.6 Gaelic – No implications.

4. Background

- 4.1 This report outlines the proposed road maintenance programme for 2020/21 in accordance with the approved budget.
- 4.2 The Environment, Development and Infrastructure Committee local allocations budget has not yet been determined. Consequently, the roads maintenance programme is based on the 2019/20 budget. Should the budget change then the programme will either be curtailed or increased as appropriate.

The approved 2019/20 local allocations budget can be found in **Appendix 1** to this report.

5. Budget Allocation

- 5.1 The Road Maintenance budgets are allocated under the following headings:-

- Winter Maintenance (Revenue)
- Cyclic Maintenance (Revenue) including:-
 - Verge Maintenance
 - Road Marking Renewal
 - Sign Maintenance
 - Drainage Maintenance
 - Gully Cleansing
 - Footpath Maintenance
 - Patching Repairs
 - Bridge Maintenance (minor repairs and maintenance)
 - Other Cyclic and Routine Maintenance
- Structural Maintenance (Capital) including:-
 - Surface Dressing
 - Structural – Resurfacing (Overlay/Inlay)
 - Structural Integrity Improvements
 - Additional Structural Road Maintenance

- 5.2 For operational purposes this report combines the budget allocations for Capital Budgets 1 and 2.

6. Road Structural Maintenance Programme

- 6.1 Schemes were selected for inclusion in these programmes on the basis of need using information gathered from the following sources and have been prioritised with the safety of the travelling public and sustainability of the road network as the main objectives:-
- Scottish Road Maintenance Condition Survey (SRMCS) data;
 - Safety Inspections;
 - Service Inspections; and
 - Input and feedback from Ward Members and communities

6.2 The 2020/21 programme is included in **Appendix 2**.

Designation: Executive Chief Officer Infrastructure and Environment

Date: 24 February 2020
