

**(ii) Mr R MacWilliam**

**To the Leader of the Council:**

**“Can I have a breakdown of the number of meetings of the various Highland local community partnerships which have taken place since March 2020?”**

I have taken your question as referring to Community Planning Partnerships. Speaking with the local partnerships since March 2020 there have been:-

- 7 full partnership meetings held with the public in attendance
- 11 core group meetings of partners
- 30 sub-group/locality meetings held
- 61 other meetings held (including regular partnership resilience meetings, food resilience meetings and fuel resilience meetings)

There have also been a full meeting of the Highland Community Planning Partnership.
