## **Caithness Local Access Forum**

## held on Monday 9 March 2020 in Caithness House, Wick

- Present:Councillor Karl Rosie Chair (KR)<br/>William Bruce Caithness Kayak (WB)<br/>Ben MacGregor Pentland Canoe Club (BM)<br/>Donna Mather British Horse Society Standard (DM)<br/>Bill Mowat Dunnet & Canisbay Community Council (BM)
- Apologies: Councillor Raymond Bremner
- In attendance: Nick Sage ???? (NS) Ken Hardy - ???? (KH) Matt Dent, Access Officer (MD) Ali McDiarmid, Business Support – Notes

		Action
1.	Apologies Noted, as above	
2.	Welcome and Introductions Cllr Rosie welcomed everyone to the meeting and introductions were made around the table	
3.	Notes from meeting - 26 August 2019Agreed – Proposed by BM, seconded by WBApologies from MD, the action table for Agenda Item 5 today was notpreviously circulated but is attached with the hard copies of the notestoday.Could also be viewed on the Website, if required.	
4.	<ul> <li>Limekilns Wind Farm Section 11 Access Exemption Report was previously distributed – the Forum was asked to consider Points 5.1 to 5.3. Discussion took place around the table and the following was noted: <ul> <li>NS said that they had applied last year under Section 11, also been talking with MD</li> <li>Further information was submitted in January 2020, changing the application – close the Core Path for 2 years</li> <li>Close the Core Path for Health &amp; Safety Issues which will allow the Windfarm to be constructed</li> <li>Forest is scheduled to be cut down later this year by Forestry Scotland</li> <li>Commissioning will take 2 years</li> <li>Path only recently designated a Core Path – since initial planning application was submitted</li> <li>Will improve access to the Core Path</li> <li>Core Path is 7km – cannot provide another complete loop whist construction is ongoing</li> </ul></li></ul>	

•	If were to provide an alternative route / loop, new planning	
	application etc would be needed – must take into consideration the wildlife, plants etc – time consuming and expensive	
•	Path must be completely rebuilt – 17 turbines to be installed along	
	with 300 tonnes of material will be distributed. Lot of heavy plant	
	(40 tonne dumpers, excavators etc) movement	
•	Felt that 2 years is a long time for it to close	
•	Very suitable Path, at present, for Equestrian use	
•	Current Path has only been open for approximately one year – feels like it would be back to square one	
•	Could the Path be available for weekends and holidays?	
٠	Consider Saturday afternoon to Monday morning – would need	
	additional controls put in place to manage the public	
•	Sunday work may need to take place, turbine work is very wind dependent	
•	Rationale is for not opening the path but if necessary, company would work with it	
•	Gate in situ, at present, is proving difficult to open due to having a post behind it – Company will speak with landowner and	
	gamekeeper to rectify	
•	Scottish Government do not have clear guidelines available for Windfarms	
•	New Path must be up to the standard of the current Path, or better	
•	Possibly there might be a mountain bike trail made, depending on	
	advice received – might be deemed too flat for a trail	
•	Mountain bike trail may cause problems for the equestrian users, spook the horses etc	
•	Mountain Bike guidance to be sent to KH by DM	
•	Installation of Turbines - they must be able to drive straight into the installation site	
٠	Could parking at the Harbour be used as a safe alternative	
•	Could it take longer than the 2 years –investors want an immediate return, every day from installation and not being operational can cost thousands of pounds, so not an option	
•	No Section 11 Exemption has ever been granted for more than 5	
•	days since the Act came into force – not what the Scottish Government had in mind	
•	Our decision will be going to the Area Committee in May, Scottish	
-	Minister will be the overall decision maker	
•	Landowner/ gamekeeper are very worried about the deer movement	
	otions were voted on:	
	Do not support it as it stands with the 2 year closure or	
	<ul> <li>Do support but seek clear guidance from the Scottish</li> </ul>	
	Government taking onboard DM's points	
	Vote was 2 for, 2 against, KM used his deciding vote and went with the "For" – second option	
	and KH thanked everyone for their time and left the meeting at 15:10	
hrs		

	Matters Arising:				
a.	Update Halkirk to Sibster Path				
	<ul> <li>KR said that there had been little or no progress</li> </ul>				
	Any funding available from Sustran or the Windfarms?				
	If a bridge were to be build, Forestry would possibly have to take on				
	ownership of half or hopefully, all of it				
	<ul> <li>Agreed: to have a visit to the area before the September meeting</li> </ul>	KR/MD			
	and invite the landowners				
	<ul> <li>Agreed: MD will arrange a meeting with the Halkirk Community</li> </ul>	KR/MD			
	Council and attend along with KR				
	3				
b.	Scrabster Quarries Gate				
	<ul> <li>Order now been given to Steven Blackwood to install a gate</li> </ul>				
	<ul> <li>Noted that there is still very little feedback of any sort from the public</li> </ul>				
C.	Coastal Path East of John O'Groats				
0.	<ul> <li>WM said that the local Development Company are keen to have it</li> </ul>				
	along the coast line				
	<ul> <li>Have raised £25k, Crown Estate are reapplying for the Rural</li> </ul>				
	Tourism Grant, hopefully £35k				
	<ul> <li>Pathways to the Shell Beach and Robbie's Haven should be</li> </ul>				
	improved				
	<ul> <li>Andrew Mowat has applied for planning permission for renovating</li> </ul>				
	the Star Path which leads to the Foghorn - memorial to the lost souls				
	of the Pentland Firth				
	<ul> <li>Covid 19 – this will have a serious impact on tourism</li> </ul>				
d.	John O'Groats Trail – deferred to next meeting but KR will ask JW for				
	an update before the September meeting				
	an aparto poloro no optompor mooting	KR

	<ul> <li>looking for partners? MD to investigate and invite a representative(s) to the next meeting.</li> <li>Hopefully with the increase in Council Tax there will be a huge investment in roads / pathways and transport.</li> </ul>	MD
7.	<ul> <li>Access Officer and Members Report – new cases not previously reported to Forum</li> <li>Keiss – Shore sign, tape has been pulled off. Holiday pods have been applied for – MD to follow up</li> </ul>	MD
8.	<ul> <li>AOCB</li> <li>Advertise for land owners to join the forum</li> <li>Dunbeath – John O'Groats trail has been sorted out</li> <li>Private No Entry sign on the old A9 – MD will write to owner but noted that he is not in situ often</li> <li>Similar at Broupster Windfarm</li> <li>Path changes at Peedie Sands, the new owner, Mr Dunnett has built a new path around the loch. This has been carried out without Planning permission but does appear to have the public's support</li> <li>Berriedale path change has been well used and appears to have had no negative impact</li> <li>New car park consultation – only thing that appears to be a problem is the part about horse boxes. Advice is to speak to your local councillors for them to take forward.</li> <li>Car parking charges – out for consultation at present. This could have a severe impact on tourism. Noted that car parks must have 15 bays or over before charges are to be put in place – again speak with our local councillors</li> </ul>	KR / MD? MD
9.	<b>Date of Next Meeting</b> 7 September 2020 – Venue and Times to be confirmed
