

(20) Mrs G Campbell-Sinclair

To the Chair of the Health, Social Care & Wellbeing Committee

Could you please confirm how many Violent Incident Reports have been submitted by Social Care Staff Members, employed in Arach, Braeside, and Leault facilities?

The Number of VIR forms submitted between 1st April and the present time:

- *Arach – 29*
- *Braeside - 13*
- *Leault – 36*

Staff have previously and continue to be actively encouraged to complete VIR forms when an incident occurs as this enables us to review health and safety measures as well as ensure the staff member and young person are ok. Regarding these figures, I can advise that 3 young people have presented in significant distress/crisis during this time which is reflected as the number of incidents rather than the number of children.
