

(25) Mr S Mackie

To the Chair of the Corporate Resources Committee

At the full July 2020 Full Council, the previous Committee Chair made a commitment to review the Highland Councils contribution to the Caithness and North Sutherland Regeneration Partnership would be undertaken.

Given that this commitment was made well over a year ago, what progress has been made in undertaking this review and when can it be expected to be published?

The Council has continued to contribute to the work of the Partnership over the last year, and the review is not yet complete. Council Officers took part in an initial discussion on the future direction of Partnership activities in August 2021. This will inform the proposed review and the Chair of the Economy and Infrastructure Committee will meet with local Members to discuss a focused scope and timescale for this work.
