

(9) Mr A Jarvie

To the Leader of the Council,

When will the public find out how much was paid to 'artists' to design a concrete slab?

I consider this to be an unfair description as the Gathering place has been constructed using Clashach stone. The individual artist fees for the Gathering Place cannot be publicly disclosed as this regarded as exempt information due to commercial sensitivity. This information has been shared and scrutinised by Members within the ICArts working group and can be shared with Members on a confidential basis.
