Introduction by the Area Commander

Chief Inspector Jenny Valentine

I present to you the Skye and Raasay Scrutiny Report, covering the reporting period 01 April 2021 to 31 December 2021. You will have noticed the change in the look and feel of the report. We hope this new format will make the information more comprehensible, whilst still providing a full breakdown of crime statistics.

The interpretation of statistics from the reporting period and comparisons to the previous year can be difficult and one should be wary of drawing hasty conclusions. The full consequences of lockdown and the hidden harms many members of our communities experienced have yet to be fully realised.

That said, we have been active across all priority areas of our Policing Plan. We have maintained a proactive presence on Highland roads, enforcing road traffic legislation, working with partners to improve road safety and investigating road traffic collisions.

As COVID-19 restrictions have been eased, we have seen a reduction in numbers of Anti-Social Behaviour, disorder and violence. There has been a reduction in numbers of acquisitive crime; however Fraud, particularly online Fraud, has remained high. I have included a recently produced 'Guide to Keeping Safe Together in your Community'.

There have been decreases in Domestic Crime, Sexual Crime and Hate Crime. We have strong partnership relationships, structures and working arrangements for the protection of vulnerable people, which we will continue to develop. Our work tackling serious organised criminals has continued to be disruptive and also identifies vulnerable young people caught up in this practice.

The implementation of technology through mobile devices, crime and case management systems will continue to improve the efficiency and effectiveness of Policing in Skye and Raasay and the wider Highland area and will allow officers more time to actively patrol their communities.

Local Policing Priorities

The Local Policing Priorities for the N Division area are decided by data from our Strategic Assessment which details Threats and Risks, and also feedback from Local Authorities, Partners and residents in the Your Police survey.

“North Division continues to have quarterly Prevent, Protect and Prepare meetings with partner agencies to ensure a conjoined approach to any matters that arise. Radicalisation awareness training continues with education, third sector and other partners. Through our Protect and Prepare meetings we plan to hold a multi-agency CT exercise at the Cromarty Port Authority. Planning is ongoing with the CTLO and CT planning for a table top exercise with the Inverness ELG members. Regular contact is ongoing with MSP's and MP's in respect of Op Sandbed and Op Bridger”.

Road Safety and Road Crime

Intention - With Partners, enhance Road Safety across the Highland Area.

**Objective – With Partners, deliver a Road Safety Strategy focusing on:
Challenging driver behaviour; Education at the road side and elsewhere;
Detection of offences linked to contributing factors of Fatal and Serious Road
Traffic Collisions and collectively reducing potential harm.**

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation
Number of Fatalities - Road Traffic Collisions	3.80	3.60	0	1	1
Drink/Drug Driving Offences	26.00	26.70	21	28	7
Speeding Offences	139.40	160.30	241	169	-72

2021/2022 Drink/Drug Driving Offences -

Operation CEDAR - (Challenge, Educate, Detect and Reduce) builds on established practices and will continue to focus on various agencies working in partnership to reduce the number of people killed and seriously injured in the Highland area.

Operation CEDAR involves proactive multi-agency enforcement operations on the roads, which sits alongside education activity aimed at improving driver behaviour of all ages. Partner agencies continue to work together to improve understanding of the factors which could contribute to improving road safety for everyone on the roads and together respond to these issues.

Driver Engagement North - A multi-agency initiative makes use of an interactive driving simulator designed to assess and highlight a participant's reactions, hazard awareness and any potential vulnerabilities on the roads. The project, launched in Inverness during October 2019 received funding from Transport Scotland and is led by Police Scotland with support from a number of partners

including NHS Highland, Local Authority Community Safety Groups, IAM Roadsmart, Age Concern and RoSPA. The simulator has been specially designed to assess and demonstrate a driver's reactions and abilities in a safe environment under the supervision of specialists who will be able to offer advice and support.

While this initiative is aimed at older drivers, advice will be offered to family members and/or friends who are concerned regarding an individual's fitness to drive.

This initiative is planned to recommence in February 2022 following a suspension due to the COVID-19 Pandemic. Any interested parties looking for more information can contact: highlandandislandsdriverengagement@scotland.pnn.police.uk).

Operation Close Pass – Close Pass is cycle safety initiative which aims to highlight how much room motorists should allow when passing cyclists who are considered to be vulnerable road users. This educational initiative is aimed at changing driver behaviour through engagement and interaction.

Inspector Donald MacKinnon of the Road Policing Unit, Operational Support Division stated:

“We have demonstrated our commitment to road safety by patrolling roads in Highland and Islands, both through day-to-day general patrols as well as longer (3-6 day) dedicated deployments. This has allowed for wider geographical coverage for extended periods which has maximised our efficiency and made us more visible and available to remote communities. We listened to public concerns in relation to road safety and used intelligence, analytical and technological products such as roadside drug wipes and speed detection equipment to target those who present the greatest risk to road users and communities with the aim of tackling and reducing collisions. We worked with partners to influence road user behaviour in car, motorcycle and bicycle communities and engaged with HGV / PCV / taxi / private hire drivers / operators through joint initiatives aimed at improving road safety”.

Anti-Social Behaviour, Disorder and Violence (including Alcohol and Drug misuse)

Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.

Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation
Murder	0.00	0.00	0	0	-
Assault	45.00	35.70	27	36	9
Serious Assault	2.60	3.70	2	3	1
Drug (Possession) Offences	48.60	57.70	50	36	-14

Harm Prevention Officer – An 18 month pilot Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP).

Stop and Search -

Positive Stop Search - A positive stop and search is when an item is recovered where possession of same implies criminality on the part of the individual being searched or any other; or potentially compromises the safety of that individual or another.

No Knives, Better Lives - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Police Scotland's Prevention and Intervention Officers supported this initiative in the Highland area. This is further complemented by the Joint Education and Police Knives in School Protocol which has been progressed.

Acquisitive Crime

Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.

Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation
Housebreaking (Dwelling House)	0.80	1.00	2	1	-1
Fraud	4.40	5.00	6	10	4
Theft by Shoplifting	13.20	17.70	7	8	1
Motor Vehicle Crime	6.20	3.70	5	7	2

Fraud – The increase in Fraud related crimes last year and continuing to this year has not only been experienced by members of the public residing within the Skye and Raasay area, but across the wider N Division area, Scotland and the United Kingdom.

Detective Inspector Andy Bilton, South Highland Area Command CID stated:

***“Skye and Raasay continues to have low volumes of serious crime and is safe place to live and work. In terms of acquisitive crime, we have observed a noticeable reduction over the five year period, however cyber-enabled Fraud continues to raise at an alarming rate and this affects all areas of the Highlands, including Skye and Raasay where a number of high value frauds have been reported. Through our Preventions & Interventions Unit, Corporate Communications and Banking industry we will continue to utilise in-person engagement events, social media to highlight the dangers and common trends of digital crime, we will work closely alongside banking partners to identify victims of these crimes and where possible prevent these crimes occurring in the first place. There has been close-knit working with other divisions within Police Scotland to tackle this problem and moving forwards we will continue to work collaboratively to tackle this issue head on.*”**

Despite seeing a significant reduction in drug related offences there remains real concern in respect of overdoses and drug deaths in our communities; we will continue to work alongside local partners and other support agencies in supporting addicted persons into recovery. During the Covid-19 pandemic we noticed a trend regarding controlled substances coming onto the island through the postal service and maintain a close partnership with the Royal Mail and other couriers to tackle this trend.

We have executed a number of misuse of drug warrants in the last year and continue to

proactively engage with the local communities to vigorously pursue those that perpetrate these crimes in close partnership with Crown & Procurator Fiscal Service”.

Fraud –

Banking Protocol

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division with a view to setting up learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims.

This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

Parcel Scam Fraud

General awareness messaging around parcel/delivery company scams has been circulated electronically to all housing providers across the N Division area and to the University of the Highlands and Islands for sharing with their staff, clients and students.

A GUIDE TO KEEPING SAFE TOGETHER IN YOUR COMMUNITY

A guide containing safety advice covering; Fraud, Home Security/Pedal Cycle Security, Hate Crime and Cuckooing and County Lines was compiled and distributed across the N Division area via local newspapers. A total of 42,000 households across the N Division area received the guide with additional copies distributed to Garden Centres in order to reach households who may not necessarily have access to Social Media.

Planning is ongoing for 10,000 copies to be distributed to Post Office branches across the N Division area.

A copy of the leaflet is attached at Appendix A.

Rural Watch - The Highland area is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Highland communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

Missing Persons –

Police Scotland takes every report of a missing person seriously and investigates appropriately with access to local, regional and national specialist resources. Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Over the last reporting year, each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

Highland CHAMPS - The Highland CHAMPS (Children have Amazing Minds, Potential and Stories) are a group based in Clachnaharry, Inverness. Highland CHAMPS welcome any young person from the Highland area who identifies as care-experienced whether they are a care-leaver, looked after at home, fostered, adopted, in residential care or other. Highland CHAMPS provide a safe space for activities, opportunities, socialising and fun. Further information regarding Highland CHAMPS can be found at:- <https://www.highland.gov.uk/highlandchamps>

Serious and Organised Crime

Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.

Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation
Drug (Supply) Offences	4.80	4.30	3	5	2

Detective Inspector Andy Bilton. South Highland Area Command CID stated:

County Lines - When Organised Crime Groups from major cities such as Birmingham, Derby, Liverpool and London are expanding their drug networks to other areas, bringing with it serious criminal behaviour such as violence, exploitation and abuse. The term County Lines refers to the use of a single telephone number to order drugs, operated from outside the local area. They often set up a

base in a rural town for a short time, taking over the home of a vulnerable person by 'cuckooing' and use adults and children to act as drug runners. Preventions and Interventions delivered advisory presentations to Partner agencies including Highland Council (Housing/Social Work) and NHS Highland.

Police Scotland has relaunched an awareness-raising initiative aimed at preventing young people from falling into a life of crime. Working in partnership with the Scottish Government, Police have devised an educational pack for young people that shows the devastating effects of Serious Organised Crime.

N Division has also recently expanded its team of dedicated officers with the sole purpose of targeting County Line offenders, working in partnership with partner agencies and protecting vulnerable persons.

Harm Prevention Officer – An 18 month pilot Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP).

Counter Terrorism

Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.

Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to respond effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support participants to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across the Highland area.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience. The following links can provide more information regarding the program:

Police Constable Lisa Campbell, N Division's Local Counter Terrorism Officer stated:

“North Division continues to have quarterly Prevent, Protect and Prepare meetings with partner agencies to ensure a conjoined approach to any matters that arise. Online webinars on the new Prevent referral process has been held with partner agencies. Radicalisation awareness training continues with education, third sector and other partners. We have Local Contest Liaison Officers to cover the force area who are kept updated by the Counter Terrorism Liaison Officer with regular training and information shared. We continue through our Protect and Prepare sub-group to provide information and assistance to all members to increase resilience and security within their business area. In relation to Pursue we continue to develop and improve understanding amongst partners, the private sector and the public on mechanisms available to promptly share information regarding concerning or suspicious activity that may be linked to Counter Terrorism and/or Domestic Extremism”.

Together let's stop fraud.

Criminals are experts at impersonating people, organisations and the police. They spend hours researching you for their scams, hoping you'll let your guard down for just a moment.

Stop and think. It could protect you and your money.

STOP

Taking a moment to stop and think before parting with your money or information could keep you safe.

CHALLENGE

Could it be fake? It's ok to reject, refuse or ignore any requests. Only criminals will try to rush or panic you.

PROTECT

Contact your bank immediately if you think you've fallen for a scam and report it to Police Scotland by calling 101.

Together let's stop cold callers.

A cold-caller may contact you about your bank account. They may claim to have noticed some unusual transactions on your account and ask you to transfer money to another account to "keep it safe", to send your bank details, or ask to access your computer remotely. A genuine bank will NEVER ask you to do these things.

Always remember

- Never disclose your PIN or let anyone persuade you to hand over your bank card, financial information or withdraw cash.
- Check their credentials – a genuine person won't mind. You can phone the company they represent or check online, but never use contact details they give you.
- Take the time to think about what they are asking you to do, even if it's genuine.
- Don't be embarrassed to say 'No'.
- Don't feel pressured. Don't agree to transfer over money. Take time to think about it and talk to someone you trust.

Together let's protect your home and belongings.

Crime can make its way to any neighbourhood, however there are some simple steps you can take to secure your home from intruders.

How can I protect my home?

- Ensure your door is always locked.
- Make sure your keys are well out of sight and reach of letterboxes and windows.
- Don't keep house and car keys together.
- Don't put your name or address on your key ring.
- Lock your doors and windows, even when you are in the house.
- Security mark your property with a UV pen.
- Avoid keeping large amounts of cash in the house.
- Don't leave valuables in view of windows.

If you see signs of a break-in at your home, call Police Scotland on 101 or, if you believe the intruder is still there, dial 999.

Together let's protect your bike.

More than 500,000 bikes are stolen in the UK each year because they're poorly secured or not secured at all.

How can I help protect my bike?

Make sure you take a note of all your bike details, including the frame and serial number. This is usually found underneath the bottom bracket.

If your bike is stolen or stripped, you can pass details to Police Scotland to help them find your bike or parts, and help catch those responsible.

You can register your bikes details free online at bikeregister.com and also on immobilise.com along with any other property that bears a serial number.

Together let's fight County Lines

What is County Lines?

County Lines is the police term used for the criminal exploitation of children and young people. Drugs dealers from large cities including London, Manchester and Liverpool expand their operations into smaller towns. They target children and young people to move drugs and money across the country using dedicated mobile phone 'deal lines'.

Gangs will often set up a base in a rural area for a short time, taking over a local vulnerable person's house by force or coercion. This is known as 'cuckooing'.

Why does it matter?

This is having a significant impact on Scotland's towns. Gangs target local vulnerable people and once they are involved, it is difficult to escape. It can lead to sexual exploitation, violence and human trafficking.

How can I report County Lines?

Your information can help get them removed and keep your communities safe. If you have concerns, you can report them to Police Scotland by calling 101 or anonymously to Crimestoppers by calling 0800 555 111 or online at [crimestoppers-uk.org](https://www.crimestoppers-uk.org)

There are a range of organisations in your local community who can provide advice, support and information on the topics covered in this guide.
