

Agenda Item	<b>6.6</b>
Report No	<b>PLS-94-22</b>

## HIGHLAND COUNCIL

**Committee:** South Planning Applications Committee

**Date:** 13 December 2022

**Report Title:** 22/04838/PAN: Scottish Hydro Electric Transmission Plc  
Land 380M SW Of Deanie Power Station, Deanie, Strathfarrar, Kiltarlity

**Report By:** Area Planning Manager – South

### Purpose/Executive Summary

**Description:** Replacement of existing Deanie Substation comprising: access track, fenced platform area (not exceeding 50x95m) incorporating control building, transformers, plant and infrastructure, associated ancillary facilities, temporary construction compound and laydown area(s), alongside drainage and landscaping requirements.

**Ward:** 12 – Aird And Loch Ness

### Recommendation

Members are asked to note the submission of the PAN and highlight any material issues they wish to be brought to the attention of the applicant before the submission of an application for planning permission.

## **1.0 BACKGROUND**

- 1.1 This report informs the Planning Applications Committee of the submission of the attached Proposal of Application Notice (PAN).
- 1.2 The submission of the PAN accords with the provisions of the Planning etc. (Scotland) Act 2006 and was made valid on 19 October 2022. The PAN is a statutory requirement for planning applications for major or national developments and must be lodged at least 12 weeks prior to the submission of a planning application. Members are asked to note this may form the basis of a subsequent planning application.
- 1.3 The submitted information attached includes:
- Proposal of Application Notice (Application Form)
  - 2 x Location Plans.
- 1.4 There will be two in-person consultation events, the first took place on Monday 31<sup>st</sup> October 2022 between 3pm and 7pm at Kilmorack Hall, and the second on Tuesday 1<sup>st</sup> November 2022 between 3.30pm and 6.45pm at Cannich Village Hall. Further to these events, the applicant is committing to have additional follow up events in the new year scheduled for Monday 6<sup>th</sup> of February 2023 between 3pm and 7pm at Kilmorack Hall, and on Tuesday 7<sup>th</sup> of November 2023 between 3.30pm and 6.45pm at Cannich Village Hall, dates and times to be confirmed. The first two events were advertised on 19<sup>th</sup> October 2022 in the Press & Journal, 12 days prior to the public consultation dates and within the required statutory period. The advert for the next events will be placed in Press & Journal in January 2023, for which the date is to be confirmed.
- 1.5 Details of all notified parties are contained / appended to the PAN form and include Strathglass, Beauly, Kilmorack, Kiltarlity, and Glen Urquhart Community Councils, as well as local Members. The applicant undertook a letter drop to advise the public of the consultation events to properties over a large geographical area as shown on the Letter Drop Locations Plan submitted as Supporting Information with the proposal of application notification. The applicant has also put posters up in the local areas, updated social media accounts, as well as the dedicated project website: <https://www.ssen-transmission.co.uk/projects/project-map/west-of-beauly---asset-replacement-projects/>.
- 1.6 Any forthcoming application will be accompanied by a Pre-Application Consultation (PAC) report explaining the consultation undertaken, feedback received, and any resultant amendments made to the planning application.

## **2.0 DESCRIPTION OF PROPOSED DEVELOPMENT**

- 2.1 The proposal is for the replacement of the existing Deanie substation with a new substation compound at a nearby location. The development comprises a new permanent access track with access junction with private road that connects with the Glen Strathfarrar public road (U1533), while the fenced compound area would be formed over hardstanding not exceeding 50m x 95m, and contain a control building with site office and staff welfare facilities, transformers, plant equipment and

associated ancillary infrastructure. The application will also include temporary construction compound and lay down areas alongside drainage and landscaping requirements. The development forms one part of the West of Beaully – Asset Replacement Projects. The replacement substations are to be built on new sites as close to the respective serving power station as possible. These substations form a part of the networked Affric / Beaully Hydro-electric Scheme, which is formed around Glen Strathfarrar, Glens Cannich and Affric, and Strathglass, and exploit water from Lochs Monar, Beannacharan, Mullardoch, and Beinn a' Mheadhoinas well as the Rivers Farrar, Beaully, Cannich, Affric, and Glass. The scheme has been operating since the 1960s and includes six power stations at Mullardoch, Fasnakyle, Deanie, Culligran, Aigas, and Kilmorack, along with seven dams at Mullardoch, Benevean, Monar, Loichel, Beannacharan, Aigas, and Kilmorack.

- 2.2 The developer sought formal pre-application advice from the Planning Authority through the Pre-Application Advice Service for Major Developments in 2022 for the erection of a 132kv Substation (HC ref. 22/03238/PREMAJ).

### **3.0 SITE DESCRIPTION**

- 3.1 Discounting the section of private road connecting to the publicly adopted section of Glen Strathfarrar Road, the PAN boundary covers approximately is 4.9 hectares of rough agricultural grazing taking in Deanie Power Station including its existing substation. From here, the boundary runs westward along Glen Strathfarrar road towards the main site area on the south side of the private road where it is proposed to construct the new substation compound. The proposal site lies to the west of Loch Beannacharan over 35km west-southwest of Inverness in the remote Glen Strathfarrar.
- 3.2 The site lies wholly within the Glen Affric to Strathconon Special Protection Area (SPA), while the Strathglass Complex Special Area of Conservation (SAC) and the Glen Strathfarrar Special Area of Scientific Interest (SSSI) designations take in the River Farrar less than 200m to the south of the main proposal area. There is a section of Class 1 - nationally important carbon-rich soils, deep peat and priority peatland at this location too. The location is within the Wooded Glen – Inverness Landscape Character Type as defined by NatureScot in its Landscape Character Assessment Areas, characterised by undulating a lower strath floor contained by steeper valley slopes. Within the main area is the Tom a' Mhein escarpment. The Strathfarrar road is also a core path (IN26.01) and public right of way, while the site area is subject to the Land Reform (Scotland) Act 2003 where members of the public may reasonably exercise their rights to public access. There are no Listed Buildings and Scheduled Monuments in the vicinity of the site although the wider area is known to have some archaeological potential.
- 3.5 The proximity of the site to the River Farrar and Loch Beannacharan means that sections of the private road are at 1:200 year plus climate change according to SEPA's Flood Risk Mapping.

### **4.0 DEVELOPMENT PLAN**

The following policies are relevant to the assessment of the proposal:

#### 4.1 **Highland Wide Local Development Plan (2012) (IMFLDP)**

- 28 - Sustainable Design
- 29 - Design Quality and Placemaking
- 30 - Physical Constraints
- 31 - Developer Contributions
- 36 - Development in the Wider Countryside
- 51 - Trees and Development
- 52 - Principle of Development in Woodland
- 56 - Travel
- 57 - Natural, Built and Cultural Heritage
- 58 - Protected Species
- 59 - Other Important Species
- 60 - Other Important Habitats
- 61 - Landscape
- 63 - Water Environment
- 64 - Flood Risk
- 66 - Surface Water Drainage
- 67 - Renewable Energy Developments
- 69 - Electricity Transmission Infrastructure
- 72 - Pollution
- 74 - Green Networks
- 77 - Public Access

#### 4.2 **Inner Moray Firth Local Development Plan (IMFLDP)**

No site specific policies or allocations, application will be assessed against the general policies of the HwLDP.

#### 4.3 **Proposed Inner Moray Firth Local Development Plan (IMFLDP2)**

No site specific policies.

The plan is at the proposed stage with consultation recently closed and comments currently under review. The plan's focus is again on identifying specific site allocations however it will include several overarching 'general policies' that will apply to all developments including for Low Carbon Development, and, Nature Protection, Preservation, and Enhancement.

#### 4.4 **Highland Council Supplementary Guidance**

- Developer Contributions (November 2018)
- Flood Risk & Drainage Impact Assessment (Jan 2013)
- Green Networks (Jan 2013)
- Highland Historic Environment Strategy (Jan 2013)
- Highland's Statutorily Protected Species (March 2013)
- Highland Renewable Energy Strategy & Planning Guidelines (May 2006)
- Construction Environmental Management Process for Large Scale Projects (Aug 2010)
- Managing Waste in New Developments (Mar 2013)
- Physical Constraints (Mar 2013)

- Roads and Transport Guidelines for New Developments (May 2013)
- Standards for Archaeological Work (Mar 2012)
- Sustainable Design Guide (Jan 2013)

#### 4.5 **Scottish Government Policy and Other Guidance**

- Scottish Planning Policy
- National Planning Framework 3 (June 2014)
- Revised Draft National Planning Framework 4 (Nov 2022)
- Scottish Energy Strategy (Dec 2017)
- Historic Environment Policy for Scotland (HEPS, 2019)
- PAN 56 - Planning and Noise
- PAN 58 - Environmental Impact Assessment
- PAN 60 - Planning for Natural Heritage
- 2020 Routemap for Renewable Energy
- Scottish Government Energy Efficient Scotland Route Map (May 2018)

#### 5.0 **POTENTIAL MATERIAL PLANNING CONSIDERATIONS**

- a) Development Plan and other planning policy;
- b) Community amenity including operational noise impacts;
- c) Construction impacts;
- d) Roads and transport;
- e) Flood risk and drainage impacts;
- f) Impact on trees and woodland;
- g) Design, landscape, and visual impact (including cumulative impacts);
- h) Natural heritage including impacts on internationally and nationally designated sites as well as protected species and habitats;
- i) Built and cultural heritage;
- j) Economic impact and tourism;
- k) Pollution;
- l) Decommissioning and restoration;
- m) Outdoor access; and,
- n) Any Other Material Considerations Raised within Representations.

#### 6.0 **CONCLUSION**

- 6.1 The report presents the information submitted to date as part of the PAN. The policy considerations against which any future planning application will be considered have been summarised as well as the potential material planning considerations and key issues based on the information available to date. The list is not exhaustive and further matters may arise as and when a planning application is received and in the light of public representations and consultation responses.

#### 7.0 **IMPLICATIONS**

- 7.1 Not applicable.

## **8.0 RECOMMENDATION**

8.1 It is recommended the Committee notes the submission of the PAN and advises of any material issues it wishes to be brought to the applicant's attention.

Designation: Area Planning Manager – North  
Author(s): Mark Fitzpatrick / Swayamsidha Patra  
Background Papers: Documents referred to in report and in case file.  
Relevant Plans: Plan 1 – Proposal of Application Notice (Application Form)  
Plan 2 – Location Plan

The Town and Country Planning (Scotland) Act 1997 as amended by the Planning Etc. (Scotland) Act 2006 Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2008

**The Council will respond within 21 days of receiving the Notice. It will advise whether the proposed Pre-application Consultation is satisfactory or if additional notification and consultation above the statutory minimum is required. Please note that a planning application for this proposed development cannot be submitted less than 12 weeks from the date the Proposal of Application Notice is received by the Council and without the statutory consultation requirements having been undertaken. The planning application must be accompanied by a Pre-application consultation report.**

---	--

### Address or Location of Proposed Development

Please state the postal address of the prospective development site. If there is no postal address, please describe its location. Please outline the site in red on a base plan to a recognised metric scale and attach it to this completed Notice

**Land South West of Deanie Substation, Glen Strathfarrar IV4 7JX.**

### Description of Development

Please include detail where appropriate – eg the number of residential units; the gross floorspace in m of any buildings not for residential use; the capacity of any electricity generation or waste management facility; and the length of any infrastructure project. Please attach any additional supporting information.

**Replacement of existing Deanie Substation comprising: access track, fenced platform area (not exceeding 50x95m) incorporating control building, transformers, plant and infrastructure, associated ancillary facilities, temporary construction compound and laydown area(s), alongside drainage and landscaping requirements.**

### Pre-application Screening Notice

Has a Screening Opinion been issued on the need for a Proposal of Application notice by

the Highland Council in respect of the proposed development?

If yes, please provide a copy of this Opinion.

No.

**Community Consultation [See checklist of Statutory minimum consultation attached]**

State which other parties have received a copy of this Proposal of Application Notice.

<b>Community Council/s</b>	<b>Date Notice Served</b>	13 October 2022
Strathglass CC, Beaully CC, Kilmorack CC, Kiltarlity CC Glen Urquhart CC (construction traffic)		

**Names/details of any other parties**

Ward 12 (Aird & Loch Ness) Councillors:	<b>Date Notice Served</b>	13 October 2022
MP - Iain Blackford MSP - Kate Forbes	Cllr Chris Ballance, Cllr Helen Crawford, Cllr David Fraser, Cllr Emma Knox; Ward Manager Charles Stephen	

*Notifications sent via email.* The follow up public PAN event will include notice to the same aforementioned parties as a minimum.

Please give details of proposed consultation

**Date and time**

**Proposed public event**

**Venue**

In-Person Public Consultation (1st PAN events);	Kilmorack Hall, Kilmorack IV4 7AG Cannich Village Hall, Cannich IV47LY	Mon 31.10.22 15.00-19.00 Tue 01.11.22 15.30-18.45
(2nd PAN events);	Kilmorack Hall, Kilmorack IV4 7AG Cannich Village Hall, Cannich IV47LY	TBC- Mon 6.02.23 15.00-19.00 Tue 7.02.23 15.30 - 18.45

**Newspaper Advert – name of newspaper**

**Advert date(where known)**

Press & Journal – An advert will be placed in this newspaper on Wednesday 19 October 22 (in excess of 7 days prior to the first public consultation events). A second advert will thereafter be placed in this newspaper in January 2023, advising on the date, time and venue of a follow up (2nd) event.

**Details of any other consultation methods (date, time and with whom)**

Information leaflet drop to properties (circa 2000) within the vicinity of the proposed development sites (please see coverage map enclosed). In addition, information will be provided on the dedicated project website <https://www.ssen-transmission.co.uk/projects/project-map/west-of-beaully-asset-replacement-projects/>, SSE social media outlets, direct updates to Beaully CLG and Strathglass Development Trust. All of the aforementioned will take place either; ongoing throughout the Consultation process and until a planning application is concluded, or at least 7 days prior to the public events (leaflet drop).

Signed .  ..... Date..... 17 October 2022.....
