The Highland Licensing Board Functions Report 2022-23

Report by the Clerk to the Licensing Board

Summary

This report invites the Board to approve the Board's sixth annual functions report for publication in accordance with section 9A of the Licensing (Scotland) Act 2005.

1. Purpose

1.1 To meet the Board's statutory duty to prepare and publish an annual functions report in terms of section 9A of the Licensing (Scotland) Act 2005 ("the 2005 Act"). The statutory period which the report covers is from the beginning of April 2021 to the end of March 2023.

2. Background

- 2.1 The Air Weapons and Licensing (Scotland) Act 2015 amended the 2005 Act to introduce a requirement that Licensing Boards produce and publish annual functions reports.
- 2.2 As a consequence, section 9A was inserted into the 2005 Act and came into force on 20 December 2017.
- 2.3 Section 9A of the 2005 Act states that the Board's annual functions report must be prepared and published not later than 3 months after the end of each financial year.
- 2.4 The functions report must include-
 - (a) a statement explaining how the Board has regard to-
 - (i) the licensing objectives, and
 - (ii) their licensing policy statement and any supplementary licensing policy statement (including the Board's statement under section 7(1) (duty to assess overprovision)), in the exercise of their functions under this Act during the financial year,
 - (b) a summary of the decisions made by (or on behalf of) the Board during the financial year, and

- (c) information about the number of licences held under this Act in the Board's area (including information about the number of occasional licences issued during the year)
- 2.5 Section 9A of the 2005 Act states that the report may include such other information about the exercise of the Licensing Board's functions under this Act as the Board considers appropriate.
- 2.6 Section 9A also allows for the Scottish Ministers to make further provision about reports under this section including, in particular, provision about (a) the form and required content of reports and (b) the publication of reports. However, to date, no official guidance on this has been provided by Scottish Ministers.
- 2.7 The draft annual functions report is attached at **Appendix 1** for members' approval. The report sets out all the types of licences that the Board is responsible for determining. It also includes details of all the functions of the Board and how the Board has regard to the licensing objectives and their licensing policy statement and supplementary documentation.
- 2.8 There are several reports appended to the annual functions report which provides a breakdown of the total number of licences (premises and personal licences) that are currently in force within Highland.
- 2.9 There are also reports showing the list of applications considered by the Board and applications granted under delegated powers on behalf of the Board during the financial year.
- 2.10 A breakdown of revocations of premises licences has been provided together with details of personal licence reviews within the financial year.
- 2.11 These appendices to the draft annual functions report are attached to this report as **Appendices 3 to 9**, to retain their numbering in the functions report.
- 2.12 Information has also been provided on the Highland Licensing Forum and the role of the Licensing Standards Officers as supplementary information.

Recommendation

The Board is invited to approve the draft functions report 2022-23 attached at Appendix 1 for publication in accordance with section 9A of the 2005 Act.

1.0 Introduction

- 1.1 The Highland Licensing Board ("the Board") is the licensing authority for the local government area of the Highlands for the purposes of the Licensing (Scotland) Act 2005 ("the Act"). The area extends to 26,484 square kilometres, one third of the land area of Scotland.
- 1.2 The 2011 Census figures show that the population of Highland on Census Day was 232,132 and it increased to 235,540 in mid-2018. This is the seventh highest population of the 32 licensing board areas in Scotland.
- 1.3 In May 2023 The Board is responsible for the functions as set out in Paragraph 2 below within the Highlands.
- 1.4 The Act makes provision for regulating the sale of alcohol and for regulating licensed premises and other premises on which alcohol is sold.
- 1.5 Under the Act, the Licensing Board is responsible for considering applications for:
 - Premises licences
 - Occasional licences
 - Provisional licences
 - Temporary licences
 - Personal licences
 - Transfer of premises licences
 - Variation of premises licences
 - Extension of licensing hours 1.6 The Act set out the five licensing objectives ("the licensing objectives") as set out below:
 - Preventing crime and disorder
 - Securing public safety
 - Preventing public nuisance
 - Protecting and improving public health
 - Protecting children and young persons from harm
- 1.7 The licensing objectives provide a basis for the administration of the licensing regime. They also provide potential reasons for refusal of an application for the grant or variation of a premises licence, an occasional licence or a personal licence. Breach of the objectives may provide grounds for reviewing a premises licence or a personal licence. Conditions attached to a premises licence or an occasional licence may be based on any one or more of the licensing objectives.

2.0 Functions of the Board

- 2.1 The functions of the Board are set out in Schedule 1 of the Act and are summarised below:
 - Determining the Board's policy for the purposes of a licensing policy statement or supplementary licensing policy statement
 - Determining, for the purposes of any such statement, whether there is overprovision of licensed premises, or licensed premises of any particular description, in any locality
 - Determining a premises licence application
 - Determining a premises licence variation application where the variation sought is not a minor variation
 - Determining an application for the transfer of a premises licence where the applicant has been convicted of a relevant offence or a foreign offence
 - Determining a personal licence application or a personal licence renewal application where the application has been convicted of a relevant offence or a foreign offence
 - Conducting a hearing in respect of a review of a premises licence
 - Conducting a hearing in respect of revoking, suspending or endorsing a personal licence
 - Making a closure order
 - Refusing an application for confirmation of a provisional premises licence

3.0 How the Board has regard to the licensing objectives

- 3.1 In exercising its functions under the Act, the Board is required to have regard to the licensing objectives as stated at Paragraph 1.6.
- 3.2 Promotion of the licensing objectives is always at the forefront of the Board's consideration in determining its policies for the purposes of its policy statement.
- 3.2 When determining licence applications, the Board verifies that all applications before them are consistent with the licensing objectives and ensures that any potential issues are addressed through appropriate measures to safeguard full compliance with the licensing objectives. Such measures include attaching local and special conditions to licences if necessary. Examples of these can be found in the appendices to the Board's Policy Statement.

4.0 How the Board has regard to their Licensing Policy Statement

- 4.1 The Board is aware that all applications before the Board are to be dealt with in an open and transparent manner in accordance with licensing legislation and their Board policy documents.
- 4.2 Information and assistance was made available to persons wishing to apply for a licence, make representations or lodge objections.

- 4.3 The Board, when making their determinations, took into account their policy statement 2018 to 2023 and their supplementary licensing policy statement on extended hours during the festive period. Copies of the Board's current policies are shown in the link at Appendices 1 and 2.
- 4.4 The Board is aware of their quasi-judicial function and their obligation to objectively determine facts and draw conclusions from them. The Board always aims to follow best practice to ensure proportionate, accountable and consistent decision making by listening to all the information provided by Licensing Standards Officers, applicants and any objectors, weighing up the relevant information, reviewing this against their policies and coming to an informed decision.

5.0 Decisions made by (or on behalf of) the Board

- 5.1 In the year from 1 April 2022 to 31 March 2023 ("the Period"), the Board met 9 times to determine applications. Board meetings have continued to be conducted as a hybrid of participants joining in person and remotely via MS Teams. All Highland Council meetings are live streamed on the Council website and are readily accessible to the public. A link to the meeting was also made available to all applicants and objectors.
- 5.2 The introduction of the Coronavirus (Scotland) Act 2020 (the 2020 Act) introduced several changes to the Licensing (Scotland) Act 2005 with the aim of minimising the disruption faced by the Board and licence holders as a result of the pandemic. The provision allowing the Board to conduct it's business remotely has subsequently been made a permanent provision of the 2005 Act, and one which the Board has taken advantage of to conduct business efficiently and ensure access to those who cannot travel to the meeting.
- 5.3 During the period 31 March 2022 to 1 April 2023, the Board carried out its function in line with covid regulations and protocols as these were relaxed and we moved out of the pandemic. In line with how the board carried out its work at the height of the Pandemic, the Board has continued to carefully consider all applications, while ensuring the continued promotion of the licensing objectives.
- 5.4 Furthermore, review hearings for non-payment of annual fees for licensing premises were delayed from January 2023 to April 2023 to allow licence holders more time to make payment.
- 5.5 Each application for a new premises licence, variation of a licence, review of premises licence and personal licence was decided on its own merits. During the Period, the Board also received applications for both occasional licences and extended hours. A summary of all the applications received for the financial year are shown in appendices 3 to 9.

- 5.6 In assessing applications, the Board used a number of different sources of information to enable them to reach determinations. These sources included reports from community councils, local residents, the Licensing Standards Officer, Police Scotland, National Health Service, application objectors and established licensing practitioners.
- 5.7 Objections were received to a number of applications. All objections were taken into account in the decision-making process.

6.0 Number of licences held in the Board's area

- 6.1 The total number of premises licences in force as at 31 March 2023 was 1247. A breakdown of these premise licences is shown at Appendix 3.
- 6.1.1 A list of applications that were granted at the Board during the Period is shown at Appendix 4.
- 6.1.2 A list of applications that were granted under delegated powers during the Period is shown at Appendix 5.
- 6.1.3 A list of occasional licences issued during the Period is shown at Appendix 6.
- 6.1.4 A list of extended hours licences issued during the Period is shown at Appendix 7.
- 6.1.5 A list of premises licence reviews carried out during the Period is shown at Appendix 8.
- 6.2 The total number of personal licences in force as at 31 March 2023 was 3337. A list of current personal licences (broken down into applications per year) is shown at Appendix 9. Further details of current personal licences are available on the Highland Council public register at the following link: http://license.highland.gov.uk/default.aspx
- 6.2.1 There were no personal licence review undertaken during the Period. There were 233 personal licence revocations during the Period as a result of the personal licence holders not refreshing their training, or producing evidence of having completed refresher training, within the specified period.

7.0 Other information about the exercise of the Licensing Board's functions

7.1 Licensing Forum

7.1.1 Alongside the Highland Licensing Board, there is also the Highland Licensing Forum ("HLF"). Local licensing forums were established under the Act and each forum consists of between 5 and 21 members as the Council may determine and at least of one the members must be a Licensing Standards Officer for the Council area. The remainder of the members include persons resident within the forum area, young people, persons

having functions relating to health, education or social work, premises licence/personal licence holders and a member from Police Scotland.

7.1.2 The role of the HLF is to keep under review the operation of the Act in the Highland area. The HLF is the community's voice on licensing issues. This will be mainly at a policy level as the HLF cannot comment on individual cases before the Board.

7.1.3 The HLF aims to meet four times a year and in addition have one joint meeting with the Board each year. However, due to the challenging nature of the Period, the HLF met three times over this timeframe.

7.2 Licensing Standards Officers

The post of Licensing Standards Officer ("LSO") was a new creation of the Act. Highland Council has three LSOs. The LSO's role is to offer guidance and advice to licence holders and communities and supervise the compliance of the requirements of the Act by licence holders. The LSO will act as an intermediary between licence holders and the general public helping to avoid or resolve any disputes or agreements. They also attend meetings with the trade and the public to ensure there is a cohesive working partnership between all persons interested in the operation of the Act.

8.0 Conclusion

The Board and licensed premises have continued to face significant challenges as a result of the of the coronavirus pandemic and its aftermath. Many of the licensed premises continued to face periods of closure or had significantly reduced trading hours at points in the Period. In the past the Highlands have been a hugely popular area for tourism and hospitality. However, the coronavirus pandemic has continued to have a huge impact on applications for any licence required for an event. Officers have strived to support the trade and continue to provide assistance and guidance as restrictions eased and the sector began to move out of the pandemic.

The Board wishes to recognise the ongoing work and efforts of the licensed trade, Members, Officers, the Licensing Service and agencies involved in the operational functions of the Licensing Board during this time. It is commendable that all parties were able to continue providing an effective service in an ever changing and challenging regulatory environment.
