Introduction by Area Commander

Chief Inspector Calum Smith

I present to you the Caithness Area Committee Scrutiny Report covering the reporting period 1 April 2024 until the 30 June 2024.

The statistics being reported are now at North Highland Area Command level which incorporates the following Area Committees:-

Black Isle and Easter Ross, Caithness, Dingwall and Seaforth, Sutherland and Wester Ross, Strathpeffer and Lochalsh.

A verbal update will be provided by the Police Scotland representative in relation to the local context of this Area Committee.

The interpretation of statistics continues to be a key part of what we do, identifying potential crime trends and ensuring I have the right officers in the right place to keep our communities safe. We do compare data on previous years; however it may be some years before we can accurately compare year on year data as a result of the COVID pandemic. I am always happy to discuss the data and provide some context around the statistics provided within the report.

Following the challenges of the COVID affected years we continue to see trends altering with societal changes. Most recently we saw the effect of the cost-of-living challenges and how this impacted communities, whereby certain crime types such as theft by shoplifting saw an increase. Notably though, in this reporting period, acquisitive crime has overall (apart from fraud) has seen a welcome decrease. In noting this decrease my team and I are all too aware that in addressing criminal behaviour, only one strand of this work relates to detecting crime and in this vein we continue to work closely with Partners to protect the vulnerable people and seek to bring real change to persons and places. The commentary throughout the report highlights some of our ongoing work.

In presenting this report I would like to take the opportunity to highlight our continued proactive work on the road network. In seeking to deliver on our local policing priority around road safety and road crime both the 'Road Safety and Road Crime'

section of this report along with 'Group 8 - Road Traffic Offences' section of the 'Crime Statistics' part of this report evidence the continued drive we have undertaken to ensure our road network is as safe as possible. I know this has been a particular area of concern. My team continue to engage with various Partners to ensure the Highlands continues to be a safe and enjoyable place to drive.

Violent crime has seen a very slight increase, however, detection rates have remained high. Hate Crime has seen a rise on the YTD figures. With the recently introduced Hate Crime legislation having come into effect during the reporting period, this is perhaps an anticipated rise. We continue to vigorously pursue detections for all Hate Crimes, seeking to ensure that all opportunities to bring those spreading hate are brought to justice.

You will note from the report a reduction in missing person enquiries from last year. Missing person enquiries place significant demands on our resource, but as can be seen in the commentary attached to the relevant section of the report, we continue proactive engagement with our Partners to seek to reduce this demand wherever possible.

Our work tackling Serious and Organised Crime continues, we continue to disrupt these individuals and working effectively with Partners is key. We use these relationships to identify individuals that are vulnerable to exploitation, making early interventions and making the Highlands inhospitable to Serious and Organised Crime Groups.

On the whole I hope the report will provide confidence as to the continued work my Officers undertake day and night to seek to best serve our communities.

Local Policing Priorities

The Local Policing Priorities for the N Division area are decided by data from our Strategic Assessment which details Threats and Risks, and also feedback from Local Authorities, Partners and public in the Your Police survey.

(including Alcohol and Drug misuse)**

Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.

Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.

Harm Prevention Officer – A Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP).

No Knives, Better Lives - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Police Scotland’s Prevention and Intervention Officers supported this initiative in the Highland area. This is further complemented by the Joint Education and Police Knives in School Protocol which has been progressed.

Acquisitive Crime

Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.

Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.

	5 Year Average	3 Year Average	YTD 2023/2024	YTD 2024/2025	YTD Variation	Detection Rate

Theft of a Motor Vehicle	114.	11.7	16	4	-12	100.0%

Fraud –

Banking Protocol

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division with a view to setting up learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims. This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

Parcel Scam Fraud

General awareness messaging around parcel/delivery company scams has been circulated electronically to all housing providers across the N Division area and to the University of the Highlands and Islands for sharing with their staff, clients and students.

Rural Watch - The Highland area is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Highland communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

Protecting Vulnerable People

Intention – Protect people at risk of harm.

Objective – With Partners and as corporate parents we will deliver the Highland CHAMPS (Highland Champion Board) strategy; with Partners we will focus on safeguarding communities; with Partners we will address emerging issues through Prevention and Intervention.

	5 Year Average	3 Year Average	YTD 2023/2024	YTD 2024/2025	YTD Variation	Detection Rate
Rape	15.4	11.0	14	15	1	26.7%
Domestic Crime	120.6	153.3	101	111	10	55.0%
Hate Crime	9.2	16.0	6	26	20	50.0%
Missing Persons*			57	41	-16	

Hate Crime –

Police Scotland underwent a national inspection by Her Majesty's Inspectorate of Constabulary in Scotland (HMICS) in relation to Hate Crime with N Division (Highland and Islands) being identified as one of three focussed Divisions.

Missing Persons –

Police Scotland takes every report of a missing person seriously and investigates appropriately with access to local, regional and national specialist resources. Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Missing Person Category	2023/2024	2024/2025	Variation
Adult	20	10	-10
Cared for Adult	2	1	-1
Care Experienced Young People	9	20	11
Child	26	10	-16
Absconder/Wanted	0	0	0
Total	57	41	-16

Each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

Serious and Organised Crime

Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.

Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.

	5 Year Average	3 Year Average	YTD 2023/2024	YTD 2024/2025	YTD Variation	Detection Rate
Drug (Supply) Offences	10.2	9.3	12	13	1	53.8%

County Lines - When Organised Crime Groups from major cities such as Birmingham, Derby, Liverpool and London are expanding their drug networks to other areas, bringing with it serious criminal behaviour such as violence, exploitation and abuse. The term County Lines refers to the use of a single telephone number to order drugs, operated from outside the local area. They often set up a base in a rural town for a short time, taking over the home of a vulnerable person by 'cuckooing' and use adults and children to act as drug runners. Preventions and Interventions delivered advisory presentations to Partner agencies including Highland Council (Housing/Social Work) and NHS Highland.

Police Scotland has relaunched an awareness-raising initiative aimed at preventing young people from falling into a life of crime. Working in partnership with the Scottish Government, Police have devised an educational pack for young people that shows the devastating effects of Serious Organised Crime.

N Division has also recently expanded its team of dedicated officers with the sole purpose of targeting County Line offenders, working in partnership with partner agencies and protecting vulnerable persons.

Counter Terrorism

Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.

Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to response effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support participants to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across the Highland area.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience.
