

The Highland Council

Agenda Item	3.
Report No	SCC/16/24

Committee: Sutherland County Committee

Date: 12 November 2024

Report Title: Scottish Fire and Rescue Committee Performance Report for Q 1 and 2 April to September 2024

Report By: Local Senior Officer for Highland

1 Purpose/Executive Summary

- 1.1 This report provides an update to Sutherland County Committee Members on progress against the priorities outlined in the Scottish Fire and Rescue Service Committee Plan for Sutherland

Priority areas are identified through a range of Intervention, Prevention and Protection activities which are delivered through partnership to reduce the risk to the communities of Sutherland.

The report also contains previously agreed information and performance data as requested by Area Committees.

2 Recommendations

- 2.1 Members are asked to **comment on** and **scrutinise** the attached Sutherland Performance Report.

3 Implications

- 3.1 **Resource** - there are no implications arising from this report
- 3.2 **Legal** - there are no implications arising from this report
- 3.3 **Community (Equality, Poverty, Rural and Island)** - there are no implications arising from this report
- 3.4 **Climate Change / Carbon Clever** - there are no implications arising from this report
- 3.5 **Risk** - there are no implications arising from this report
- 3.6 **Health and Safety (risks arising from changes to plant, equipment, process, or people)** – there are no implications arising from this report

3.7 **Gaelic** - there are no implications arising from this report

4 Sutherland County Committee Report

4.1 The attached performance report provides the current figures for Quarters (Q) 1 and 2, April to September 2024 from the central Scottish Fire and Rescue Service (SFRS) performance management database against the key indicators and timelines of previous reports.

4.2 In achieving the priorities within the Local Committee Plan for the Sutherland area in 2024, a number of activities continue to form a significant part of our prevention and protection plan with a view to reducing accidental domestic property fires and serious injuries and deaths resulting from accidental property fires. Free Home Fire Safety Visits (HFSV's) remain a key part of the prevention work undertaken by personnel across Sutherland, targeting Very High, High and Medium risk households to prioritise those most at risk within our communities, through our Operational on Call Staff and Community Safety Advocates (CSA).

4.3 Operational Incidents

Analysis of the detail behind the performance report for the Sutherland area shows very positive outcomes across the performance indicators during Q 1 and 2, April to September 2024 when compared with the previous reporting periods. However, it must be emphasised that the baseline figures for some indicators are very low, and this can make meaningful statistical analysis challenging.

- a. The occurrence of three (3) Accidental Dwelling Fires attended by SFRS in Q 1 and 2. The Operational on Call Staff and Community Safety Advocates (CSA's) continue to provide Post Domestic Incident Response (PDIR) in the community to provide reassurance and advice with positive results reflected in only three accidental domestic property fires.
- b. During Q 1 and 2 of 2024 SFRS attended zero (0) Fatal Accidental Dwelling Fires in the Sutherland Area. This continues the pleasing current trend. There was one (1) Accidental Fire Casualties across Sutherland for Q 1 and 2 of the 2024 reporting periods, which again provides pleasing reporting. The service remains committed to supporting communities through the Home Fire Safety programme and continues to work closely with partner agencies to identify those most at risk and provide early preventative support and advice.
- c. A total of fourteen (14) occurrences of Unwanted False Alarm Signals (UFAS) were attended by SFRS during Q 1 and 2, 2024 in the Sutherland Area. This represents a decrease from the same reporting period last year. Crews are continuing to engage with premises to identify causes and reduce occurrences.

SFRS have now implement the new UFAS response policy 1st July 2023 and this is reflected in the reduction in figures year to date.

4.4 Station Crewing & Availability

Scottish Fire and Rescue Service has made significant investment in RVDS Recruitment with an RVDS support team now in place and working at a national level. The team has been put together with personnel from all three service delivery areas to support key issues, including staff recruitment and retention

SFRS continues to actively deliver and refine its Retained and Volunteer Duty System (RVDS) recruitment and training processes to meet national and local needs. Key stations and communities are targeted across the Sutherland area. SFRS promotes campaigns within partner agencies, through local media and key community contacts. Continued local area support is requested for recruitment in the following communities:

Recruitment banners and advertising material have been produced for all stations across the Highlands to raise awareness of the RVDS roles within communities.

- Bettyhill
- Bonar Bridge
- Dornoch
- Durness
- Golspie
- Helmsdale
- Kinlochbervie
- Lairg
- Lochinver
- Scourie
- Tongue

4.5 Community Safety / Community Action Team

SFRS Community Action Team (CAT) continues to engage and deliver all aspects of Community Safety and education throughout Sutherland, current and ongoing initiatives includes Road Safety presentations delivered to senior pupils in our high schools, Water Safety presentations are forming a Community Safety summer campaign, with delivery to Dornoch Primary School P4 -P7, reaching out to the wider communities in due course. SFRS Community Safety information for Camper Vans / Motor Homes and Caravan Safety is currently being distributed to camp sites throughout Sutherland.

Designation: Local Senior Officer for Highland

Date: 30 October 2024

Author: Station Commander David Bell

ABOUT THE STATISTICS IN THIS REPORT

The activity totals and other statistics quoted in this report are provisional in nature and subject to change as a result of ongoing quality assurance and review.

Because all statistics quoted are provisional there may be differences in the period totals quoted in our reports after original publication which result from revisions or additions to the data on our systems.

From 2015-16 onwards responsibility for the publication of end-year statistical data transferred from the Scottish Government to the Scottish Fire and Rescue Service (SFRS). This change of responsibility does not change the status of the figures quoted in this and other SFRS reports reported to the Committee.

INTRODUCTION

The 6-monthly monitoring report covers the SFRS's performance and activities in support of the seven priorities in the Local Fire and Rescue Plan for Highland:

- Priority 1 – Domestic Fire Safety
- Priority 2 – Unintentional Harm
- Priority 3 – Non-Fire Emergencies
- Priority 4 – Deliberate Fire Setting
- Priority 5 – Non-Domestic Fire Safety
- Priority 6 – Unwanted Fire Alarm Signals
- Priority 7 – Operational Resilience and Preparedness

As well as supporting the seven priorities in the Local Fire and Rescue Plan for Highland, this monitoring report shows how SFRS activities and performance contribute to the wider priorities of the Highland Council Community Planning Partnership (CPP), as set out in the Highland Community Plan.

The figures in this report are provisional, to provide the Committee with the SFRS's direction of travel in the Highland area, in terms of performance against headline indicators and targets. Most figures will not change; however, members should note that there may be some small variations for some indicators when the final confirmed figures are published by the SFRS.

The Highland Council Scrutiny and Audit Committee agreed to the Local Fire and Rescue Plan for Highland, covering the subsequent 3-year period. In support of delivering the priorities in this plan, 13 headline indicators and targets have been set, and form the basis of the report.

PERFORMANCE SUMMARY

The table below provides a summary of the six months (1 April to 30 September 2024) activity and year to date (YTD) progress, based on annual targets set against headline indicators. It aims to provide – at a glance – our direction of travel during the current reporting year.

Q1 & Q2: All Incidents Attended – 77		
Accident Dwelling Fires (ADF) 	ADF Fatal Casualties 	ADF Non Fatal Casualties 
Q1 & Q2 – 3 incidents YTD – 3 incidents	Q1 & Q2 – 0 YTD – 0	Q1 & Q2 – 1 YTD – 1
Home Fire Safety Visits 	Non-Fire Emergency 	Road Traffic Collisions (RTC) 
Q1 & Q2 – 56 Visits YTD – 56 Visits	Q1 & Q2 – 19 Incidents YTD – 19 Incidents	Q1 & Q2 – 8 Incidents YTD – 8 Incidents
Fatal RTC Casualties 	Non-Fatal RTC Casualties 	All Deliberate Fires 
Q1 & Q2 – 0 YTD – 0	Q1 & Q2 – 6 YTD – 6	Q1 & Q2 – 3 incidents YTD – 33 incidents
Deliberate Primary Fires 	Deliberate Secondary Fires 	Non Domestic Fires 
Q1 & Q2 – 1 incidents YTD – 1 incidents	Q1 & Q2 – 2 incidents YTD – 2 incidents	Q1 & Q2 – 1 incidents YTD – 1 incidents
Unwanted Fire Alarm Signals 		
Q1 & Q2 – 14 incidents YTD – 14 incidents		

PERFORMANCE HIGHLIGHTS

Of the 13 KPIs, the following performance should be noted for the six-month period 1 April to 30 September 2024.

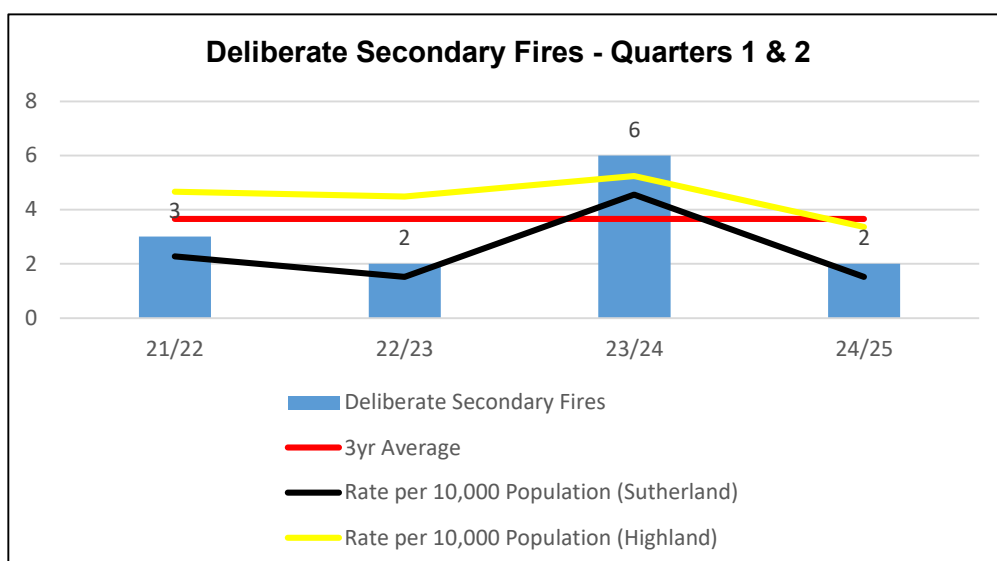

- There were **3 Accident Dwelling Fires (ADF)** which is below the 3-year average the majority are classed as low severity, requiring little or no intervention from the Service and minimal fire damage. There were **0 ADF Fatalities**, and **1 ADF Casualties**. All ADF's are offered Home Fire Safety Visits and agency referrals where required.
- There was **3 Deliberate Fires**, 1 Deliberate Primary Fire and 2 Deliberate Secondary Fires, and which is below the average. Referrals are made to other agencies for those at work within our communities.
- There were **2 Non-Domestic Building Fires** which is in line with the average.
- We attended **8 Road Traffic Collisions (RTCs)** which is above average. There were **0 RTC Related Fatalities** and **6 RTC Related Injuries**. Our Prevention teams are working with partner agencies through the Highland Road Safety group, older driver Virtual Reality Scheme and Road Safety Scheme for new drivers.
- We attended **14 Unwanted Fire Alarm Signals (UFAS)** showing a decrease. From 1 July 2023, we have stopped attending AFA call outs to commercial business and workplace premises, such as factories, offices, shops and leisure facilities unless a fire has been confirmed. Our control room operators now ask anyone who reports a fire alarm to check whether there is an actual fire or signs of fire, before sending the nearest fire appliance. This does not apply to sleeping premises, such as hospitals, care homes, hotels or domestic dwellings who will receive the full pre-determined attendance (PDA). This change follows the SFRS public consultation in 2021.
- Our Community Safety Advocates and Station personnel undertook **56 Home Fire Safety Visits**. The majority targeted the most at risk in our communities.

Station Establishment and Availability

- 11 x On-Call Retained Duty System appliances across 11 Stations

These Stations served the Sutherland County population

***Please note the availability figures do not include Joint Mobilising availability.**

Station	1 Apr – 30 Sept 2024 Availability %	Male	Female	Staff
Bettyhill	29.59%	6	0	6
Bonar Bridge	16.95%	3	1	4
Dornoch	97.96%	10	0	10
Durness	73.59%	6	0	6
Golspie	75.93%	8	0	8
Helmsdale	67.61%	7	0	7
Kinlochbervie	67.11%	6	0	6
Lairg	70.34%	8	2	10
Lochinver	0%	2	0	2
Scourie	0%	1	0	1
Tongue	7.66%	2	0	2
