

Agenda Item	7.
Report No	EDU/4/26

The Highland Council

Committee: Education

Date: 25 February 2026

Report Title: Revenue Budget Monitoring Report Quarter 3 2025/26

Report By: Assistant Chief Executive - People

1. Purpose/Executive Summary

- 1.1 The report details the Quarter 3 budget monitoring and forecast position for the Education and Learning Budget 2025/26. The annual service budget is £307m with a predicted end of year underspend forecast of £0.879m, which represents 0.29% of the total revenue budget.
- 1.2 The purpose of this report is to support the Council's overall financial management and budgetary control arrangements. This report also supports the Committee and its Members in fulfilling the Scheme of Delegation in relation to financial management and remit of Strategic Committees which includes: *"to scrutinise the management of the Revenue and Capital Budgets for the Services included in the Committee's remit and monitor and control these budgets, including dealing with over- expenditure."*
- 1.3 This report provides Members with commentary on any material variances within the forecast, and actions taken or proposed in relation to variances.
- 1.4 The report also provides a forecast position regarding all budget savings within the remit of the Service.
- 1.5 Revenue monitoring statements showing actual expenditure up to Quarter 3 and year-end estimates are set out in **Appendix 1**. The main variances contributing to the Service pressures and underspends are shown in more detail at **Appendix 2** and the following sub-sections.

2. Recommendations

- 2.1 Members are asked to:
 - i. Scrutinise and approve the forecast financial position for Quarter 3 2025/26 as set out in this report and Appendices;
 - ii. Consider and note the explanations provided for any material variances and actions taken or proposed; and
 - iii. Consider and note the update provided regarding savings delivery.

3. Implications

- 3.1 Resource – this report provides key financial information regarding the Service budget and forecast financial performance against that budget, including progress with Service delivery. There are no particular resource implications arising as a result of this report which are not detailed in other sections of this report.
- 3.2 Legal - There are no particular legal implications to highlight.
- 3.3 Risk – There remain some risks and uncertainty around pay settlements for SNCT staff groups (teachers and associated professionals) which could still impact the financial position for the year.
- 3.4 Health and Safety (risks arising from changes to plant, equipment, process, or people) – There are no particular implications to highlight.
- 3.5 Gaelic – There are no particular implications to highlight.

4. Impacts

- 4.1 In Highland, all policies, strategies or service changes are subject to an integrated screening for impact for Equalities, Poverty and Human Rights, Children's Rights and Wellbeing, Climate Change, Islands and Mainland Rural Communities, and Data Protection. Where identified as required, a full impact assessment will be undertaken.
- 4.2 Considering impacts is a core part of the decision-making process and needs to inform the decision-making process. When taking any decision, Members must give due regard to the findings of any assessment.
- 4.3 This is a monitoring and update report and therefore an impact assessment is not required.

5. Service Revenue Quarter 3 Monitoring – 1 October 2025 to 31st December 2025

- 5.1 The statements reflect a forecast underspend of £0.877m which equates to 0.29% of the total budget for the service for the year (**Appendix 1**). This represents an increase in the level of underspend anticipated at Quarter 3 when the underspend was reported at £0.833m. Commentary in relation to that change is provided in paragraph 6 below.

6. Commentary on Variances

- 6.1 There continue to be financial pressures relating to both legacy and new staffing expenditure within Special Schools, totalling £0.783m. These pressures have been mitigated by underspends across the following budget areas:
- **CLD Adult Learning and Youth Work (£0.143m and £0.240m underspend respectively):**
These underspends arise primarily from vacancies and sessional staffing activity below budgeted levels.
 - **Early Learning and Childcare (£0.098m underspend):**
This includes staffing underspends of £0.482m linked to the implementation of

approved savings for 2026/27. However, these savings have been partially offset by increased costs relating to payments to partner centres, driven by higher volumes of payments, including those for Additional Support Needs.

- **Schools General (£0.661m underspend):**
The underspend reflects the part-year effect of the ongoing service restructure. Recruitment to new teams is progressing well and are expected to be in place by the end of the current financial year.
- **Service Management and Support (£0.167m underspend):**
The forecast underspend is mainly attributable to vacant posts.
- **Additional Support – Schools (£0.247m underspend, 0.67% of budget):**
This reflects a net position comprising cost pressures of £0.737m arising from Out of Authority Educational placements, offset by savings resulting from part-year vacancies within Specialist Provisions.

7. Actions Taken or Proposed

- 7.1 The Service continues to deliver within budget and the variances referenced in the preceding paragraph are being actively monitored and managed.

8. Savings Delivery 2025/26

- 8.1 Details in relation to required savings are set out in **Appendix 3** to this report. Members will note the progress made to date with savings having been attributed to the relevant budget headings from Q1 onwards or those which are on track to be delivered as part of the year end accounting entries under the DSM scheme.

Designation: Assistant Chief Executive - People

Date: 6 February 2026
