

# Inner Moray Firth Delivery Programme Prògram Lìbhrigidh Linne Taobh a-staigh Mhoireibh

**March 2022**

This constitutes the Action Programme for the  
Inner Moray Firth Local Development Plan (IMF LDP)

This Delivery Programme sets out the infrastructure and development required to support the implementation of the [Inner Moray Firth Local Development Plan \(IMFLDP\)](#).

The purpose of the Delivery Programme is to provide information for identifying, monitoring and implementing the actions for delivering future growth in the area. It will be used to help identify which infrastructure projects will be subject to developer contributions requirements and as a tool for coordinating investment in development and infrastructure. We will revise and amend it as infrastructure is delivered, opportunities for new development are presented and as pressures change over time.

Developer contributions towards the delivery of the infrastructure projects shown in this Delivery Programme may be required from sites located within and outwith these settlements. For secondary school and community facility projects, developer contributions may be sought on a secondary school catchment area basis. Therefore, please check the relevant Main Settlement(s) to identify developer contribution requirements.

### **IMFLDP Review – Proposed Action Programme status**

The IMFLDP is currently under review and this Delivery Programme represents the Proposed Action Programme which must be presented alongside the publication of the Proposed Plan (March 2022). Many of the existing infrastructure requirements listed remain relevant for the delivery of the Proposed Plan. We have highlighted in red text the additional projects which are dependent on the outcome of the plan review process. Within the Proposed Plan several of the smaller Main Settlements are proposed to be recategorised as Growing Settlements and certain allocations currently included in the adopted Plan are no longer being taken forward. If these changes form part of the new Plan the references to them will removed from the Action Programme upon adoption.

Unless highlighted in red text, the site referencing in this Delivery Programme relates to the currently adopted IMFLDP. Site referencing will be updated to reflect those in the new IMFLDP when it is fully adopted. Other updates to the Delivery Programme will be carried out after the new IMFLDP is adopted, for example the references to the total housing and commercial land capacities for each settlement.

### **Contents**

The Delivery Programme is split into the following sections:

	<u>Page</u>
<b>1. Strategic Infrastructure Improvements</b> - sets out the major investments within the IMF LDP area which will support regional and national growth.	2
<b>2. Strategic Employment Sites</b> - sets out the steps for enabling major employment generating development within the Strategic Employment Sites as identified in IMF LDP.	6
<b>3. Main Settlements</b> – outlines the actions for delivering growth in each of the main settlements included within IMF LDP.	16
<b>4. Other Areas</b> - sets out the actions for delivering growth in areas outwith the Main Settlements.	44

Please contact the Development Plans team should you have any questions regarding the content of the Delivery Programme by emailing [devplans@highland.gov.uk](mailto:devplans@highland.gov.uk) or on 01349 886608.

# 1. Strategic Infrastructure Improvements

---

ACTIONS		TIMESCALES	COST and FUNDING	DELIVERY	
Type	Action			Lead and Supporting Delivery Partners	Status
Transport	<b>A9 Dualling Perth to Inverness</b> Phased upgrading of 80 miles of road from single to dual carriageway	Phased programme of schemes from 2015-2025	£3 Billion	Transport Scotland	<p>Work is continuing across the route with two sections now complete at Kincraig to Dalraddy, operational September 2017, and Luncarty and the Pass of Birnam, which opened fully to traffic on 28 August 2021. Procurement for the Tomatin – Moy section commenced in August 2021 with contract award expected in the second half of 2022.</p> <p>Design work on the remaining eight schemes is well advanced with four having Made Orders published recently and three more expected to follow. The preferred route for Pass of Birnam to Tay crossing is expected to be announced later in 2022..</p>
	<b>A96 Dualling Inverness to Aberdeen</b> Phased improvements to the existing A96 including Nairn Bypass	Phased programme over period to 2030, subject to satisfactory completion of the statutory process.	£3 Billion	Transport Scotland	<p>Draft Orders for the A96 Dualling inverness to Nairn (including Nairn Bypass) scheme published Nov 2016. Public Local Inquiry (PLI) on Oct 2018. Orders Made in Feb 2021. The A96 Dualling Hardmuir to Fochabers and East of Huntly to Aberdeen scheme preferred route options were announced in December 2018 and December 2020 respectively.</p> <p>As part of the Cooperation Agreement with the Scottish Green Party it has been agreed to conduct a transparent evidence-based review of the programme to report by the end of 2022.</p> <p>Transport Scotland undertaken substantial consultation and development work relating to improving this key corridor. In light of a range of changing policies including a focus on making better use of our assets and climate change Transport Scotland is undertaking review.</p>

<p><b>Aberdeen to Inverness Rail Improvements Project</b> Enhanced commuter services into each city and including the construction of infrastructure capacity for the new Dalcross station by 2019</p>	<p>Phased programme - Phase 1 was completed Dec 2019</p>	<p>Phase 1 £330M</p>	<p>Transport Scotland, Network Rail, Rail Operators, HiTrans, THC</p>	<p>Phase 1 (improved commuter services into each city including infrastructure capacity for the new Dalcross station) delivered by Dec 2019. The new Kintore Station opened on 15 October 2020. The new Dalcross station is scheduled to open by the end of 2022.</p>
<p><b>Inverness to Perth Highland Mainline Rail Improvements Project</b> Upgrading the Highland Line between Perth and Inverness by adding passing loops and increasing line speeds</p>	<p>Phased programme over period 2015-2025</p>	<p>Phase 2 £57m</p>	<p>Transport Scotland, Network Rail, Rail Operators</p>	<p>We continue to examine opportunities to improve journey times in the medium to longer term and, where demand exists, increase services and connectivity.</p>
<p><b>Inverness West Link</b> Connection between southern distributor road and the A82. Stage 1 is connection between Dores Roundabout and A82, Stage 2 involves additional crossing of canal.</p>	<p>Phased programme up to 2021</p>	<p>£43.352M</p>	<p>THC, Developers, Landowners</p>	<p>Stage 1 complete and opened to the public in Dec 2017, Stage 2 complete and opened to the public in May 2021</p>
<p><b>East Link and Inshes Corridor</b> East Link (A9/A96 Inshes to Smithton Link Road): Construction of new link road between A96 Smithton Roundabout and A9 Inshes Junction, addition of southbound lane on A9 between Raigmore and Inshes Junction and additional lanes on Inshes Overbridge. Inshes Corridor: Reconfiguration of Inshes Junction and associated changes to surrounding road network.</p>	<p>A9/A96 Inshes to Smithton: Draft Orders published Sep 2019. Delivery of scheme subject to approval under statutory procedures and thereafter a timetable for progress can be determined. Inshes corridor: Additional overbridge lane completed September 2018. Design work for main junction works ongoing.</p>	<p>Total: £41.5M A9/A96 Inshes to Smithton: £25-35M (at 2015 prices excl VAT) Inshes Corridor: £7.26M</p>	<p>Transport Scotland; THC, Developers, Landowners.</p>	<p>A9/A96 Inshes to Smithton Scheme: DMRB Stage 3 complete with draft Orders and EIA Report published in Sept 2019. Transport Scotland is currently considering the representations, including objections, received during the statutory consultation period.</p>

	<b>A9/A82 Longman Junction Improvement Scheme</b> Grade separation of the A9/A82 at Longman Roundabout	Preferred option announced June 2019. Draft Orders and an Environmental Impact Assessment Report are programmed for publication in the coming months. Delivery of the scheme is subject to approval under statutory procedures and thereafter a timetable for progress can be determined.	TBC	Transport Scotland, THC	Initial options under consideration presented to public in May 2018. Preferred option identified and presented at exhibitions in June 2019. DMRB Stage 3 assessment process ongoing.
<b>Utilities</b>	<b>Enhanced High Voltage Electricity Network</b> Delivery of an enhanced high voltage electricity transmission grid to meet national targets for electricity generation, climate change targets and security of energy supplies	2013-2021	£7 billion	OFGEM, Utility Transmission Network Owners
