**Subject:** Torridon and Kinlochewe Local Place Plan

Dear Karen,

Please find attached a draft of our Local Place Plan (LPP) for the Torridon and Kinlochewe area that has been prepared by Torridon and Kinlochewe Community Council (TKCC).

The LPP covers the TKCC area which extends from Balgy to Slattadale and includes the villages of Annat, Diabaig, Fasaig, Inveralligin, Kinlochewe and Wester Alligin. It draws directly from our community development plan which was based on an extensive consultation process. It is designed to complement the community development plan, as well as to inform Highland Council planning processes and investment and planning decisions that affect our area.

Key proposals include:

- Developing plans for Loch Torridon, including around critical protection issues
- More affordable housing
- Re-purposing Torridon primary school
- Expanding play facilities
- New paths and tracks
- More local food production and a better managed environment

As the Gairloch Community Council area adjoins that of TKCC, we would be grateful to receive any comments that Gairloch CC may have, and indeed to discuss any relevant aspects of the LPP with you.

Please email any comments to me at [chair@tkcc.scot](mailto:chair@tkcc.scot) by Monday, 22 July 2024.

You are also welcome to attend the following open drop-in sessions that we are holding to obtain feedback on the LPP:

Thursday 18 July, 3-6pm - Kinlochewe Village Hall

Friday 19 July, 3-6pm - Loch Torridon Community Centre

After taking into account comments from the consultation process, we will submit the LPP to the Highland Council.

Best regards,

Caroline
