CONTROL MEASURES - The following Control Measures MUST be implemented where appropriate as part of the repair works:
The working area must be secured at all times to prevent unauthorised access; Evacuate the working area, remove all non essential personnel;
Ensure fire escape routes are kept clear at all times; Use suitable access equipment; Isolate services safely;
Ventilate the working environment; Use appropriate Personal Protective Equipment; Consider working after normal occupancy hours; NO
CHEMICALS TO BE USED WHEN DRAIN CLEANING; Erect safety/site rules signage; Consider other site specific control measures.
Health & Safety Hazard - Lone Working, Vehicle Accident

Please return this order with your invoice showing labour & material costs to the above address within 7 days of completing the work. Also give details of work carried out & fault.

All Properties - Please contact the Building Occupier **BEFORE** and on **ARRIVAL** at the Building.
