Dear Sir/Madam

Business plan for Dunbeath & District Wellbeing Hub 'Jigsaw Project'

Trust Housing Association Ltd writes in support of the asset transfer outlined in the business plan submitted by Dunbeath & District Centre.

As a registered social landlord with 6 amenity housing properties at Neil Gunn Road, Dunbeath close to the current centre we wholly support this project to provide improved facilities and services for our tenants and others in the local area.

The new site is behind our tenant's car parking area, but we are confident that the building works and ongoing use of the new centre would not impact negatively on our tenants and once complete would bring positive opportunities.

If you would like to discuss further please contact Mary Thompson, Customer Experience Partner, or myself on 0131 444 1200.

Yours faithfully

Lorraine Fitzsimons
Customer Experience Manager
