

Notification of Disposal of Domestic Bonded Asbestos

Note: only Bonded Asbestos which has originated from a householder's own home and has been produced only by the householder (**that is removed by the householder and not by a contractor or other person**) can be classed as domestic. If a contractor or person other than the householder does the work the waste is classed as industrial and cannot be accepted at the facilities. Actual amounts that can be disposed of at each site are limited by operational constraints and Waste Management Licence controls. You should discuss your proposals with your local Waste Management Officer before starting work.

PLEASE COMPLETE IN BLOCK CAPITALS
