Letter of Support – Invergordon Town Hall

To whom it may concern,

I am writing to you today in my capacity as MSP for Caithness, Sutherland & Ross regarding Invergordon Development Trust’s Community Asset Transfer application to redevelop Invergordon’s Town Hall.

I am fully supportive of the Trust’s plans to refurbish and redevelop the interior of the hall and to operate it as a vibrant, multi-functional community space. The proposals to create a flexible venue suitable for cinema screenings, performances, shows and community events, alongside a small, serviced bar and café area, would significantly enhance the range of facilities available locally and help ensure the building’s long-term viability.

It is clear that considerable thought and planning have gone into developing a sustainable future for the building, which I believe will deliver substantial social and economic benefits to the Invergordon community.

I would be grateful if you would give this application your full and favourable consideration.

Best wishes,

[REDACTED]

Maree Todd MSP
