Invergordon Development Trust

Our Ref: JS28573

To whom it may concern

By this letter and, as the elected Member of Parliament for the Easter Ross area, I fully support the proposal for a community buy out of the Invergordon Town Hall.

The community buyout proposed will enable the local community of all ages to progress and flourish for many years and generations to come, providing a safe place to socialise, fostering connections and supportive relationships, encouraging community engagement.

The Invergordon Development Trust has a motivated team and enthusiastic history of active groups working together to the benefit of all age groups and this project will, without exception, enjoy the full weight and support of the community whilst breathing new life in to an iconic and historical building.

I personally know members of the committee and I can honestly say that they are wholly committed and experienced in bringing projects to fruition and I have no doubt that they are well placed to do so with the right support and vital funding.

Yours faithfully

Jamie Stone MP
