Dear Callum,

Hi Skills – Torvean Quarry

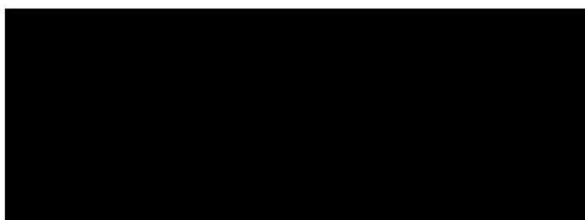

This letter is to confirm my support for the community asset transfer of Torvean Quarry for use as a base of the proposed National Infrastructure Skills Centre.

We have discussed a number of times the need to develop the skills in Highland that will ensure our local people are equipped with the skills, knowledge and experience to deliver the investment opportunities that we will see over the next few years.

The Highlands has a proud tradition of developing small construction companies that deliver locally and a number of these have gone on to become major organisations on a national and international stage.

I believe the proposal by Hi-Skills will help build and maintain skills, jobs and resources within Highland, for that reason I support the proposal.

Yours faithfully

David Fraser – Councillor Aird & Loch Ness
