**Name of consultation:** Uig

**Your comments:** Having attended the public meeting in June this year and raised the issue of the continuing deterioration of the access road to the school given the escalation of vehicles using the road ie. mission church, craft group, café etc. we are astounded at the lack of response given that this issue was first raised in January 2012 and we were subsequently advised in April 2013 that estimates for work then required were imminent. PLEASE ADVISES WHAT IS HAPPENING. As the road continues to collapse at the edges it is only a matter of time before some vehicular damage is sustained. Your urgent attention to this matter would be appreciated.
