

# Reporting Health and Safety incidents

## Ag aithris thachartasan Slàinte is Sàbhailteachd

The Council is changing the way we report Health and Safety incidents.

From November 2022, staff can report accidents, incidents, near-misses and acts of violence against staff by accessing a simple form online.

Staff can access the App via the QR code onto their smartphone – no cost to use.

**Note:** ICT will upload the App onto new Council issued smartphones.

Desktop users can access the App at this link:
